

10/5 Meeting

## Tasks

Must

Sensor  
Processor  
LED's

Eric

battery  
accelerometer

Tom  
LCD

microcontroller

Jacob  
passives  
+

Support  
Circuitry  
PCB

Seth

TBD

Should

look nice  
Enclosure

May

MicroSD data log file CSV

LCD output

User selectable modes

Need to Do

- Research sensor and its capabilities
- LCD open source libraries
- Buy parts
- Prototype w/ arduino + breadboard
- Buy SMD + through hole components
